COMPANY INTRODUCTION

Our factory harnesses the unique flavors and rich nutritional value of Sri Lanka's native spices, foods, and fruits to create a diverse range of wellness products. From herbal teas to herbal capsules and herbal collagen booster ect., we are committed to delivering high-quality, safe, and natural products. Guided by our vision, we uphold sustainable manufacturing practices and actively empower small-scale farming communities through impactful CSR initiatives.

Our Vision

"To become Sri Lanka's leading manufacturer of high-quality, safe, natural, and value-added food products that enhance the health and wellness of consumers, through sustainable practices—while empowering small-scale farming families & children with special needs through targeted CSR initiatives."

W.P.S Wijayasinghe
(Managing Director)

About Us

we launched our food production division, Splendid SEASONS, with a focus on delivering premium Sri Lankan goods to the global market. Our facilities are proudly certified with ISO 22000:2018 and the prestigious EU Organic Certification. With Splendid SEASONS, discover the authentic purity and rich heritage of Sri Lanka's flavors. This premium brand of spices and wellness foods carries a timeless symbol of pride and tradition.

Every product—organically or sustainably produced—is meticulously processed and packaged to ensure peak freshness and a truly aromatic experience.

We are more than a brand; we are a movement—Nurturing Wisdom for Communities. By promoting the benefits of organic living and empowering local farmers with sustainable cultivation knowledge, we strive to create lasting impact from soil to soul.

ECO
FRIENDLY

Our speciality

100% Natural, Premium Quality & Safe

We use only natural, high-quality ingredients, each tested rigorously. Production follows strict HACCP and ISO 22000:2018 safety standards.

Small-Batch Crafting

Made in small, controlled batches to maintain quality, prevent cross-contamination, and ensure consistency in every pack.

No Artificial Flavours or Preservatives

Our clean-label promise delivers the authentic, rich taste of Ceylon—free from artificial flavors or preservatives.

Sourced from Rural Sri Lankan Farmers

We support rural farmers by providing knowledge, sustainable practices, and steady income, sourcing their harvests for our products.

Native Rice

At Splendid Seasons, we take pride in offering a diverse portfolio of natural, health-focused, and environmentally sustainable products made with the finest Sri Lankan ingredients.

◆ Spices

We offer pure, high-quality Sri Lankan spices such as Ceylon cinnamon, turmeric, and more—harvested from trusted local growers and carefully processed to retain their full flavor and aroma.

◆ Herbal & Wellness Products

Our range of herbal powders and botanicals—sourced from nature’s bounty—supports wellness, detoxification, and holistic healing. Each product is formulated to preserve traditional wisdom with modern-day efficacy.

◆ Native Rice Varieties

We celebrate Sri Lanka’s agricultural heritage by offering traditional rice varieties rich in nutrients and flavor, ideal for conscious, healthy eating.

◆ Food Supplements

Our plant-based capsule supplements feature locally grown superfoods like moringa, soursop, ashwagandha, and Garcinia, supporting immunity, digestion, and overall vitality.

◆ Ceylon Tea & Coffee

From hand-picked Ceylon black and herbal teas to premium local coffee, we deliver authentic Sri Lankan taste and quality in every sip.

◆ Honey Products

Our natural honey products are sustainably harvested and packed with beneficial enzymes and nutrients—perfect for sweetening your day the healthy way.

◆ Dehydrated Fruits & Vegetables

Low-temperature dehydration preserves natural colors, nutrients, and flavors of tropical fruits and vegetables—perfect for snacking or cooking.

◆ Dehydrated Flours & Powders

Gluten-free, nutrient-rich flours and botanical powders, including cassava and jackfruit flour, ideal for health-conscious cooking.

Innovative Products

Splendid Seasons blends tradition, superfoods, and innovation to create healthy, forward-thinking alternatives:

- Superfood Blends – Targeted formulas for glow, sexual stamina, liver, immunity, gastric, and gut health
- Dehydrated Fruit Mixes – Naturally sweet, colorful blends for snacking or breakfast bowls
- Umami Taste Enhancer – Clean-label MSG substitute with real ingredients
- Cinnamon & Cardamom Pancake Mix – Ancient spices meet modern convenience
- Gluten-Free Pol Roti Mixture – Easy, nutritious traditional favorite
- Scotch Bonnet Sauces – Bold, fiery sauces with tropical flair

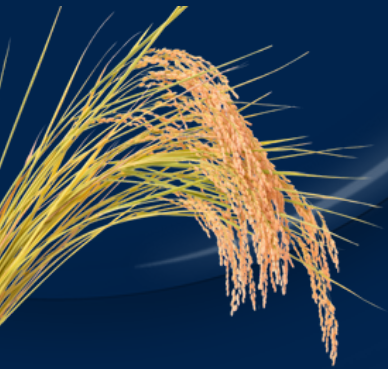

Each product reflects our commitment to quality, sustainability, and wellness—crafting foods that are good for both people and the planet.

Our Production Line

According to the ISO 22000:2018, HACCP & GMP standards, we have planned our production line with having Good Hygien Practices. We can ensure product safety and quality through this production practices.

Our Eco-Friendly Factory Building

Our premises is built on a sustainable green concept. It includes two rooftop gardens, a dedicated cultivation area, bio-fertilizer usage, and a rainwater harvesting system with fully automated watering to support eco-friendly, efficient operations.

Our CSR Projects

Cultivating Hope: Splendid Seasons' Anoda Plantation Project Empowers Local Farmers

Lighting the Way: Splendid Seasons' Project with Sathsewana Children's Home

Honoring Tradition: Clay Pot Workshop with Ajith Mohan Perera

Buzzing with Knowledge: Educating Farmers through Our Bee Keeping Workshop

A Day of Care and Connection: Splendid Seasons Welcomes Ape Lamai Children With Special Needs

We assured our product quality and safety by obtaining below certifications.

[illegible]

We were selected for the EDB Scale-up Program, as well as a product development and production quality and safety improvement program conducted by the Asian Productivity Organization (APO) and the National Productivity Secretariat (NPS). These initiatives help us strengthen our knowledge, technology, and expertise in the food production sector.
